

ACS OVEN CLEANER AEROSOL

This effective cleaner is safe for use on porcelain and chrome oven surfaces, glass, ceramic, stainless steel and cast iron. Avoid contact with clothing, floor tile and linoleum, plastics, painted and varnished surfaces, copper or coppertone and aluminum. Keep spray and drips away from hot light bulbs, pilot lights, heating elements, thermostats, electrical connections, switches and receptacles. Do not use on continuous or self cleaning ovens. Also recommended for cleaning grills, rotisseries, stove burners, electric frying pans and accessories.

DIRECTIONS FOR USE

Directions for Use:

SHAKE WELL BEFORE USING! WEAR LONG RUBBER OR VINYL GLOVES.

Place newspaper under oven door to protect floor.

1. Heat oven to 200°F. Turn oven off.
2. Wearing long rubber or vinyl gloves, hold can upright and point valve away from eyes. Hold can about 8-12 inches away from oven surface and spray evenly.
3. Spray top and bottom of oven first, then spray remaining oven surfaces and allow to stand from 5-10 minutes. IN CASE OF CONTACT WITH SKIN, IMMEDIATELY FLUSH WITH WATER, THEN WASH WITH SOAP AND WATER.
4. Wipe oven clean with damp cloth, sponge or paper towel. Spots that are difficult to remove should be retreated and cleaned with a scouring pad.
5. Rinse thoroughly with potable water.
6. Preheat oven for 10 minutes before using oven.

**Please consult your ACS sales Representative or call 1-800-889-3489 for additional use directions.*
