FREEZER CLEANER **Low Foaming Neutral Detergent** **Concentrate**

Freezer Cleaner is a heavy duty, non-freezing neutral cleaner designed especially for low temperatures found in freezers and coolers. Freezer Cleaner can be used on floors, walls, and storage racks in refrigerated environments. Low foaming action makes it a great choice for use with automatic scrubbing equipment and wet vacs. At temperatures above 10°F, it can be diluted with water for greater economies.

DIRECTIONS FOR USE

Directions for Use:

Due to various application methods and soil conditions, the following dilutions are given as a guideline. Experiment to find the most effective and economical dilution for each application.

For temperatures ABOVE 10°F, it can be diluted with up to 50% water.

For temperatures BELOW 10°F, use without dilution.

Can be applied with mop, sponge, auto or riding scrubber. Do not rinse. Remove with a wet vac, squeegee or dry cloth.

**Please consult your Sales Representative or call (888) 260-0201 for additional use directions.*

GENERAL PRODUCT INFORMATION

Description: Neutral Low Temperature Detergent

Safety: Keep product stored in original container, in an upright position, with container tightly closed. If swallowed, rinse mouth - Do Not induce vomiting.
